

Bulldog® StableN 20-20-20 Multi-Purpose

Related Crops

High analysis water soluble formula that can be both foliar and soil applied. It contains a balanced mixture of all essential plant nutrients including stabilized nitrogen. Stabilized nitrogen controls nitrogen loss due to volatility, denitrification and leaching, ensuring highly efficient performance for maximum returns. Delivers long-lasting and consistent green color.

Benefits of Bulldog® StableN High Acid

- Quick green-up
- Puts you in control of your fertility program
- Exceptional turf color and quality that stands up to stress
- Improves nitrogen efficiency by controlling loss to volatilization, denitrification and leaching
- Environmentally responsible
- Tank-mix compatible

DERIVED FROM:

Urea, Potassium Nitrate, Ammonium Phosphate, Potassium Phosphate, Iron EDDHA, Iron EDTA, Manganese EDTA, Copper EDTA, Zinc EDTA, Boric Acid, Sodium Molybdate F1367.
