

Bulldog® StableN 25-0-25 No Phosphate

Related Crops

High analysis water soluble formula produced especially for the areas where phosphorus is not required. Superb fertilizer for greens, tees, fairways, roughs and common areas. It contains a 1:1 N:K ratio including stabilized nitrogen. Stabilized nitrogen controls nitrogen loss due to volatility, denitrification and leaching, ensuring highly efficient performance for maximum returns. Ideal for areas needing long-lasting and consistent green color without the threat of potential phosphate leaching.

Benefits of Bulldog® StableN No Phosphate

- Quick green-up
- Puts you in control of your fertility program
- Exceptional turf color and quality that stands up to stress
- Improves nitrogen efficiency by controlling loss to volatilization, denitrification and leaching
- Environmentally responsible
- Tank-mix compatible
